

# NATURALMED APOTHECARY

The following list are just a few labs that may help analyze any possible underlying issues with thyroid, hormones, and/or adrenals.

Utilizing the variety of thyroid tests we can understand how well the thyroid is producing and how well it is converting. Also, whether or not the proteins are binding to the thyroid.

## SUGGESTED LABS FOR THYROID

- TSH
- Total T4
- Free T4
- Total T3
- Free T3
- TPO (*Optional*)

## SUGGESTED LABS FOR FEMALE HORMONES

- Progesterone
- Estradiol
- DHEA-S
- Testosterone
- Vitamin D

## SUGGESTED LABS FOR MALE HORMONES

- Estradiol
- DHEA-S
- Testosterone
- Vitamin D
